## State-of-the-art Coway Technology

With an attractive user-interface design, Coway Air Purifier brings you a cleaner living space with high technology.

### 4-WAY AIR FLOW SYSTEM

The four air outlets on all sides evenly deliver the purified air into the room.

### PRACTICAL AND SOPHISTICATED DESIGN

The purifier can be operated both horizontally and vertically for better use of limited space and for individual needs. It is designed to prevent airflow blockage from the bottom outlet when the unit is used vertically.

### CONVENIENT JOG SHUTTLE CONTROLLER AND TOUCH SENSOR

Airflow can be adjusted by a simple control of a jog shuttle and an electronic touch sensor enables easy-to-use operation mode selection.

### PURITY LEVEL INDICATOR

A dust sensor and a gas sensor constantly check the indoor air purity level, and indicate it by color.

### MOOD LAMP

The blue lamp on all sides illuminates when the system is on.

### AUTOMATIC AIR ADMINISTRATION

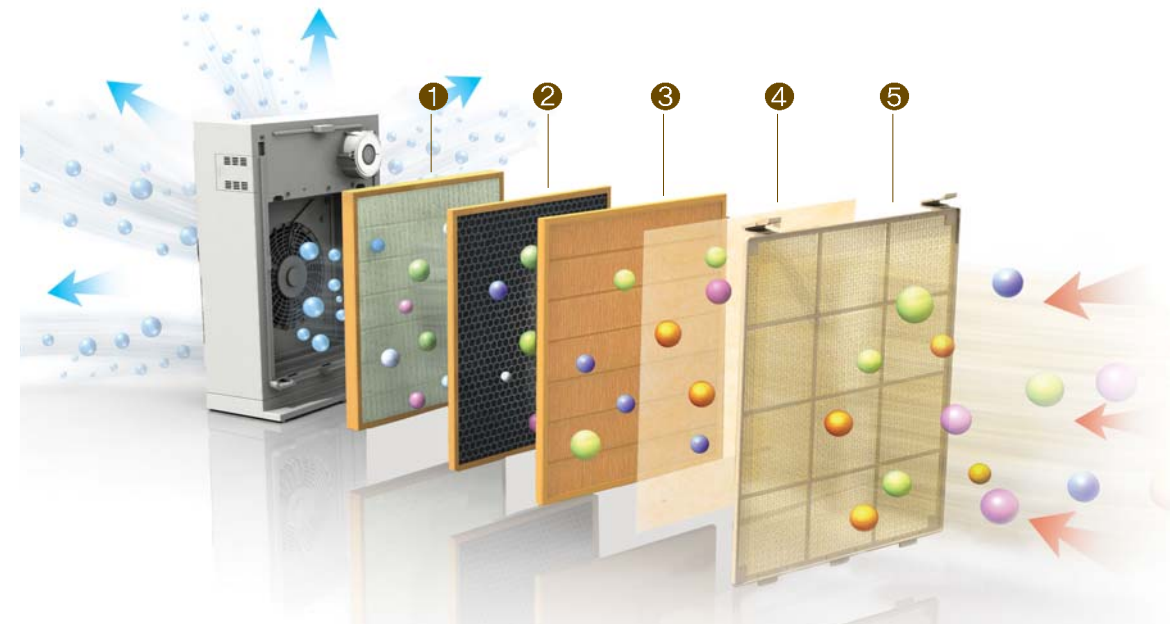

The purifier automatically converts to a power-saving mode according to the indoor air purity level.

### HIGH SPEED MODE

The purifier has a high speed mode when there is an occurrence of strong odor and harmful gas to quickly purify the indoor air.

## Woongjin Coway Air Purifiers filters fine dust particles and germs to make your life healthier and more comfortable.

### 1 More efficient and strengthened HEPA filter

### 2 Granular charcoal Deodorization filter

### 3 Oriental Medical Herb filter

### 4 Filter-protection Depth filter

### 5 Sterilizing enhanced Gold Pre-filter

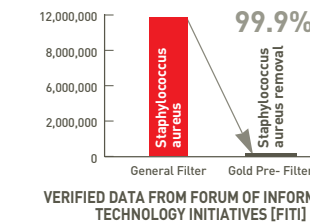

## 2 Types of Reinforced Coway Anti-Bacterial Air Purifier

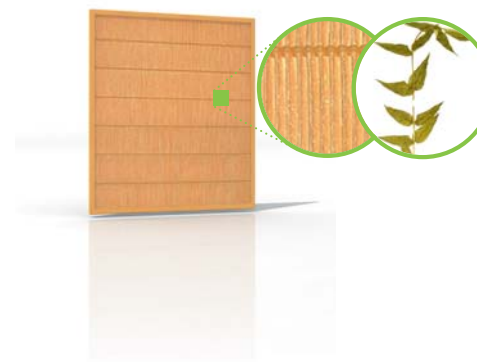

### Gold Pre- Filter

Coway's a gold-coated pre-filter has much more powerful antibiotic efficacy than normal filters, and the filter performance lasts long even after multiple wash.

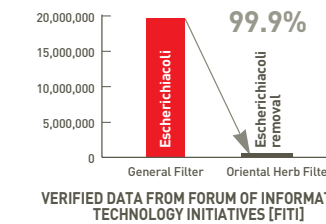

### Oriental Medical Herb Filter

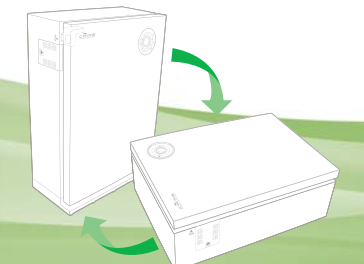

Coway air purifier originally adopted an oriental herb called Scutellariae Radix, which has excellent purifying efficacy, for its filter.
